Important to Parents.

WINER'S
CANADIAN VERMIFUGE!
A CERTAIN REMEDY FOR WORMS.

THIS remedy is safe in its operation and more easily administered than any other

THE GREATEST CAUSE OF DEATH among children is to be attributed to Worms They give rise to numerous diseases, and are the more fatal because least suspected were parents to give to a subject more attention, and carefully observe the symptoms which indicate the existence of worms in the bowels, the lives of many children would no doubt be saved Some of the symptoms are as follows the countenance is of a pale or leaden color and suffused with occasional flushes, the eyes are heavy and dull bad breath, itching in the nostrils the sleep is disturbed the patient often awakening in great fright, and is liable to starting and grinding the teeth, the appetite is irregular, being sometimes voracious and at other times feeble occasional vomiting &c

Winer's Canadian Vermifuge has acquired a reputation unexcelled by that of any other medicine of the kind, and is daily increasing in popularity wherever it is known and used it is universally approved it possesses a properties which no other article of the kind does, is more prompt and efficient in its action and entirely free from ingredients which have any but a beneficial effect, the health of the patient being always improved even when no worms are discovered Physicians prescribe it, and to use the language of one in high standing who resides in Cleaveland Ohio, I consider it the only article of the kind he ever saw that was so uniform and prompt in expelling worms It may indeed be relied on with the utmost confidence, as it has never been known to fail, this is the reason why all who have used it will not use any other

We have in our possession a number of certificates from physicians and others of the highest respectability who all testify to its superior efficacy and recommend it as a never failing remedy

READ AND BE CONVINCED

We the undersigned have frequently administered a medicine prepared by Mr John Winer of this town designated "J Winer's Canadian Vermifuge" and being fully satisfied with its efficacy confidently recommend it as a safe and efficient remedy for the expulsion of worms from the intestinal canal

New York March 30th 1847

Messrs J Winer & Co Sirs—My child of five years of age, was for more than two years severely afflicted with worms during which time we gave her different medicines recommended in such cases but they produced no beneficial effects I at length procured a bottle of your Canadian Vermifuge and gave it to her, which caused her to pass a large number of worms, since then she has been in the enjoyment of perfect health From my own experience, I would recommend your Vermifuge as being the most safe and effectual remedy for worms now in use Yours truly,

VOICES FROM THE KENDUSKEAG Bangor: Published by David Bugbee, 1848 pp 286

This book originated under peculiar circumstances and mainly for the purpose of aiding the friends of the Bangor Female Orphan Asylum The literary papers which compose it are beam contributions of golden thought out of which to raise golden ore to be appropriated for a noble charity Its two hundred and eighty six pages contain fifty articles written by the men and women of our city, and it may therefore be considered a fair representation of the intellectual character of our people It has been published in good style by Col David Bugbee and for all his cares and labors and responsibility in the matter, we learn that he has not charged the amount of a copper, but given it all for the promotion of the excellent object of the Female Orphan Asylum.

We should like to quote largely from the work but this to our city readers would be giving them what they already possess for it can hardly be possible that any family of our established citizens can be so entirely aside from the spirit of age as to have until now neglected to purchase a copy of this work If however there are any who are so very unfashionable as not to own this book our advice is to them to purchase it forthwith for probably in a few months they will not be able to do so What will be thought of those people by and by when inquired of if they have a copy of the Voices from the Kenduskeag who shall be compelled to say if they have not—that they were negligent when the rich treasures of Bangor mind a rare work published for the promotion of charity could be had for themselves and their children and good done with their money, and did not purchase! Such mortification would be intolerable.

Well we understand that the unsold copies will soon be sent out of the city and we therefore feel it a duty which we owe our regular readers and [illegible] to inform them of the fact and to recommend to them to improve the time by purchasing the book and having it for their own.

We copy the following not as better than other articles, but as a specimen of the quality of the book, and because it comes conveniently in for our present purpose.

THE CHILD'S SPRING SONG.

I cannot mother stay at home,
It is so sweet a day,
Yon darling Robin bids me come,
Mother, I must away!

My body only will sit still,
And count the weary hours
For out by brother's little mill,
My soul is picking flowers!

Mother, you tell me I must mind
And so my body will,
But then my soul you cannot bind,
'Tis out by brother's mill!

Then I am sure you'll let me go
Where that's already gone,
Oh, mother do not tell me no!
My soul is all alone!

For though I've heard you often say
That spirits round us fly
Who have no bodies made of clay
Yet Ma, I know not why,

I should not like such soul to be
I should but sob and moan,
Oh body pray come back to me
My soul is all alone

My soul dear mother will not stay!
It hears the robins sing,
It cannot stay at home to day,
It will not mind us 'Spring!'

My body's tired of sitting still,
Then let it seek the bowers
Where out by brother's little mill,
My soul is picking flowers!

Debate in the United States Senate.

THE TEN REGIMENT BILL

January 11, 1848

MR CLAYTON

Before I give my vote on this bill, I desire to know from the honorable Chairman of the Committee on Military Affairs, whether either of the commanders-in-chief of the American army, General Scott or General Taylor, has requested such an addition as he proposes to make to the American army; whether either of them has desired the Department to recommend to Congress the raising of thirty regiments—these ten regiments of regulars, and twenty regiments of volunteers

Mr Cass replied that the Government has received from Gen Scott an estimate of the force he deems necessary to carry into effect *the plan of operations which is recommended by the Secretary of War* He says —

"I suggest this army of 50,000 men to enable them to occupy at the same time nearly all the State capitals and other principal cities, to drive Guerrilla and other robbing parties from the great highways and to seize and [illegible] the ordinary revenues of the country applied as well as internal for the support of the occupation and to keep the central government in constant motion and alarm, until constrained to sue for peace."

Mr Clayton Well, that is what I call subjugating the country. Others will put their own construction on it. This increased force then, is not recommended by General Scott, but he says, to the Department, "if you propose to take all the capitals of the States of Mexico—if you intend not only to put down the guerrillas and banditti, but to keep the central government of Mexico constantly in motion, not allowing them fixed place in which it can treat with you—if you purpose also to take possession of the revenue of the country, then you will require such an addition to the army now here as will furnish 50,000 men." Gen Scott, it will be perceived, does not recommend that such an addition shall be made to the army; he only says to the War Department, that if they design to adopt a certain course of procedure then it will be necessary to increase the army to that amount. Pray, sir, what do you call keeping the central government in motion—occupying the State capitals—and seizing the revenue of Mexico? I call it subjugation of the country and abolition of the government of Mexico. Well now, the President of the United States says that such is not his design. He declares that he is opposed to the annihilation of Mexico as a republic. Yet the proposition now is to augment the forces in Mexico, on the ground that such an increase is necessary in order to [illegible] objects which are, as I consider tantamount to the entire subjugation of the country

It has been stated by my friend from Kentucky—and I think he has fully sustained it—that the present force under the command of Scott and Taylor, or Wool, in the absence of Taylor, amounts to 45,000 men, and we are now called on to increase the army to 30,000 more in order to overrun all Mexico, to occupy the capitals of all the States of Mexico and to seize upon the entire revenues of the country. In other words as I understand it, to annihilate Mexico as a nation, and to destroy her government, does not require anything like the force which the honorable Chairman of the Committee on Military Affairs now asks the Senate to vote. If you add thirty regiments—twenty regiments of volunteers and ten regiments of regulars to the troops already in the field you will have a vastly greater force than the commanding general of the army considers necessary for all the purposes specified in the letter. It is well known to my brother Senators here that during the last session and the previous one, I voted upon occasions, when bills were presented to increase the army of the United States, or to furnish supplies for the army, in favor of these bills. I took the ground that whether the administration of the country was right or wrong in the inception of the war, I should vote more troops and more supplies for our armies in order to sustain the honor and interests of the country, as long as my vote might be needed to sustain that honor and those interests. Nor shall I, in the course which I am about to take with regard to this bill, in the least change my purpose in regard to this matter as originally formed —If the same issues were now before me which were presented at the last session, I should vote precisely as I voted then. But totally different is the question now presented.

On all former occasions the President of the United States, and his friends on this floor, disavowed any intention of conquest, or acquisition of territory by conquest. They, on the contrary, declared that their object was not to obtain Mexican territory by robbery or conquest. They sought, it was declared, for a fair and honorable peace, and for indemnity for the injuries which we had received at the hands of Mexico. But what now is the issue, presented to the American Senate, by the bill upon your table? Allow me here to read from the Message of the President so that there may be no ground for any allegation of misstatement or misconception—Let us hear from the President himself, the objects which he has in view, and the purposes for the accomplishment of which he desires these additional troops. The President says

"In the mean time, as Mexico refuses all indemnity, we should adopt measures to indemnify ourselves, by appropriating permanently a portion of her territory. Early after the commencement of the war, New Mexico and the Californias were taken possession of by our forces. Our military and naval commanders were ordered to conquer and hold them, subject to be disposed of by a treaty of peace.

"These provinces are now in our undisputed occupation, and have been so for many months, all resistance on the part of Mexico having ceased within their limits. I am satisfied that they should never be surrendered to Mexico."

And, again, he says on the same page

"Besides New Mexico and the Californias, there are other Mexican provinces which have been reduced to our possession by conquest. These other Mexican provinces are now governed by our military and naval commanders under the general authority which is conferred upon a conqueror by the laws of war. They should continue to be held as a means of coercing Mexico to accede to just terms of peace."

The question then arises what are these "terms of peace"—what the President considers to be just, and on which he means to insist?—By turning to the eighth page of his message you will find an answer to this inquiry. You will there discover the views of the Executive with regard to "just terms of peace." It has been said in the progress of debate that the President attempted to negotiate after the battles of Contreras and Churubusco—that he made an effort to treat with the Mexican commissioners—having sent Mr Trist to Mexico for that purpose. In his message he thus enunciates the purport of the instructions given to Mr Trist, and his own "ultimatum"

"The commissioner of the United States was authorized to agree to the establishment of the Rio Grande as the boundary from its entrance into the Gulf to its intersection with the southern boundary of New Mexico, in north latitude about thirty two degrees, and to obtain a cession to the United States of the provinces of New Mexico and the Californias, and the privilege of the right of way across the Isthmus of Tehuantepec. The boundary of the Rio Grande and the cession to the United States of New Mexico and Upper California, constituted an ultimatum which our commissioner was, under no circumstances, to yield."

Here we have the President's "terms of peace," as he calls them—his "ultimatum" is distinctly announced, and we are no longer left, as during the two last sessions, to vain conjecture—to guess at the objects and intentions of the President of the United States in regard to Mexico—It is now certain that he has demanded as an ultimatum, and means to demand, he re-affirms as his ultimatum, the cession to the United States of the Californias, and the whole of New Mexico—a territory embracing at least 600,000 square miles of land—more than twice the entire territorial extent of the old thirteen States at the time of the American Revolution! And I am called upon to give a vote which shall enable the President to enforce these "terms of peace!" I am called upon to give a vote that shall enable him to compel Mexico to cede the whole of New Mexico and the Californias to this country. I have no choice left. I am at once, to take up my position, and say whether I am in favor of the acquisition and conquest of all this vast region, or whether I am opposed to it

I must confess that I do not understand the argument of my honorable friend from Maryland [Mr Johnson] He concluded, as I understood, with an expression of his resolution to vote for this bill He told us to day, that if the people of the United States were consulted, he verily believed, the great mass of them would decide against the acquisition of any territory on the western side of the Del Norte The Senator thought that the people of the United States would go with him to acquisition of territory by way of indemnity and not by way of robbery, but the payment of the debt which is justly due us by Mexico

He thought that the people would go with him so far as to defend the country between the Nueces and the Rio Bravo, but he had no doubt that the people of the United States were clearly opposed, and would so declare themselves whenever called upon, to the acquisition of any territory on the other side of the Rio Bravo —Now, I cannot understand how my friend, having arrived at these conclusions, being thus satisfied as to the popular will, can reconcile it to himself to vote for this immense addition to the army of the United States, when the object of this augmentation of the military establishment is plainly avowed by the President to be the extension of his conquests over the whole of this country on the other side of the Rio Bravo, and the acquisition of both the Californias and New Mexico. If my honorable friend can reconcile that by the exercise of all his ingenuity, I should like to hear him do so. For my part I cannot comprehend it. Without reflecting on his course, however, my business is to point out my own

Before I proceed farther in the argument on this question, I desire to say for one, that I never have been, and I am not now willing to acquire one acre of ground from Mexico, or any other nation under heaven, by conquest or robbery. I hold that in all our transactions with the other nations of the world, the great principle ought to be maintained by us that "honesty is the best policy" and that an honorable reputation is of more value to a country than land or money. I hold that any attempt on our part, merely because we happen to possess superior strength, to compel a weaker nation to cede to us all that we choose to demand as indemnity, while we at the same time admit that we ask for more than she owes us, is nothing else but robbery. If a man owes me a sum of money, and if when I meet him on the highway, I represent to him demand that he has not wherewithal to pay it, and I should insist with a pistol pointed to his breast, that he should deliver up the deed of his farm at the estimate which I choose to put upon it, I think there could not be much difference of opinion as to the nature of that transaction. I should like to know how my friend from Maryland, who is an able lawyer, would pretend under an indictment the man guilty of such conduct. Would it be any palliation, or excuse, or justification of the conduct of his client, in such a case, that the money was justly due him? Could there be found in Christendom, a court and jury that would hesitate as to the verdict in such a case? And what, let me ask—as a friend near me (Mr Webster) suggests, what would be the value of the deed obtained in such circumstances? If the possessor of it should even get a [illegible] of justice, would he not be the object to which the scornful finger of every honest man would be pointed, so long as he lived upon the earth? I hold,—and however old fashioned the notion may be, I shall maintain it so long as I have a seat here—that character is as valuable to a nation as it is to an individual, and inasmuch as I would scorn as a private citizen to despoil my neighbor of his property in these circumstances and with these avowals, so as a public man, I never can sanction in the slightest degree such a course of conduct on the part of the government of the country

We are one of the strongest nations of the earth. We have been amongst the weakest.—In times gone by we have suffered from the cruelty, the tyranny, and injustice of other nations, and have uttered loud complaints. We have now waxed strong, and can put the foot upon the neck of a sister republic, and compel her to yield to the terms we ourselves dictate —The question now comes up, and it addresses itself to every genuine lover of his country, whether the acquisition of all this territory in those circumstances, would compensate us for the loss of the reputation—that high national character which we have hitherto sustained? Do not understand me as opposing the just claims of my own country. I would go as far to enforce those claims consistently with the honor of the country, as any man living. So far as the prosecution of war for the purpose of securing just indemnity for these claims might be concerned, I would go as far as he who, on the other side of the chamber, goes farthest. But the President distinctly tells you, that when Mr Trist made the proposition to the Mexican Commissioners to negotiate, the terms were to be defined by him and that they were to be submitted to by Mexico at "the cannon's mouth."

Who is Responsible.

The guilt of this war does not rest alone on the men who administer the government—Every man who by his voice or vote sustains the war, voluntarily assumes the responsibility, and cannot escape it. Read the following quotation, in which we substitute the word *Voter*, in the place of "king," and it is worth a whole sermon of pointless rebuke, to the *man guilty of countenance* of the horrible war in which we are engaged

"But if the cause be not good, the voter himself hath a heavy reckoning to make when all those legs, and arms, and heads, chopped off in a battle, shall join together at the latter day and cry all—We died at such a place, some, swearing, some, crying for a surgeon, some, upon their children rawly left. I am afeard there are few that die well that die in battle For how can they charitably dispose any thing when blood is their argument. Now if these men do not die well, it will be a black matter for the voter that led them to it. —[King Henry

Departure of Henry Clay.

In accordance with the announcement we made yesterday morning the Hon HENRY CLAY took his departure for Washington in the nine o'clock train of cars He arrived at the depot at about half-past eight o'clock, accompanied by his friend, the Hon Christopher Hughes, and a number of our most respected citizens. Here he was met by an immense concourse of friends and greeted with the most enthusiastic cheering. On taking his seat a lane was formed, and many hundred passed through the cars, grasping him by the hand and exchanging a hasty word of salutation We observed an old gentleman whose very soul seemed to beam from his eyes as he seized the hand of his distinguished political friend, and retaining his grasp he remarked.— God bless you Mr Clay; I have voted for three times, and I am ready to do so again—better times will come soon—God bless you!" A tear glistened in the eye of each, and Mr Clay responded —"Thank you my dear sir, thank you," in a manner that clearly indicated that his words came direct from his heart

At nine o'clock the immense depot was crowded in and out, and as the cars containing Mr Clay passed into the street, the welkin was made to ring with such tremendous cheering as we have not heard since the political campaign of 1840

Miss Beecher.

A story was in the papers a week or two since, that Miss Beecher, one of the ladies sent west by the Board of National Popular Education, of which ex-Governor Slade is the General Agent, had entered a nunnery in Cincinnati The lady, in a letter to the New York Tribune, after denying what she calls "the ridiculous imputation" says that the only occasion for such a story, so far as she can learn, is that a young lady somewhere in Ohio, and one who has been no way connected with the Society, whose agent Miss B is, has recently taken the veil.

Dear Sir—I am well aware that persons of every age and sex, and condition in life in every part of the country, have used and been benefitted by

DR. WISTAR'S BALSAM OF WILD CHERRY.

My own life has been saved by it. My father and my mother's family were both consumptive. My father, mother and sister died with that fatal disease. For some years I have been predisposed to it myself. About one year ago I was quite sick for a number of weeks, confined to my bed when the pain in my side would allow me to lay. My physician pronounced my disease Liver Complaint my liver was very much enlarged I raised blood several times the pain in my side was so severe that the ones passing in the street by the door affected me. I was cupped, bled, and had various other remedies applied but all to no purpose. I got no relief at last my physician said he could not cure me. I expected to die soon, but providentially I heard of, and obtained a bottle of, your Balsam, which relieved me at once. I was encouraged to persevere in using it until I took four or five bottles, which saved my life and cured me. For Liver Complaint I believe it a most certain cure.

CANCER SCROFULA AND GOITRE.

Ample experience has proved that no combination of medicine has ever been so efficacious in removing the above diseases as Dr JAYNE'S ALTERATIVE. It has effected cures truly astonishing, not only of Cancer, and other diseases of that class, but has removed the most stubborn diseases of the Skin, Swellings, Liver Complaint, Dyspepsia, &c &c. This medicine enters into the circulation, and eradicates disease wherever located —it purifies the blood and other fluids of the body, removes obstruction in the pores of the skin, and reduces the enlargements of the glands or bones. It increases the appetite, removes headache and drowsiness, and invigorates the whole system and imparts animation to the diseased and debilitated constitution. There is nothing superior to it in the whole materia medica. It is perfectly safe and extremely pleasant, and has nothing of the disgusting nausea accompanying the idea of swallowing medicine.

Dr Jayne—Sir—I take great pleasure in informing you that the bottle of Hair Tonic which I obtained of you last October, has proved most satisfactory and successful.—My hair had for a long time been exceedingly thin, but for two or three years past it had so fallen out that my head had become almost entirely bald. I was under the necessity of concealing the baldness, by combing the hair on the sides of it. But now, after using a bottle of the Tonic, I have as luxuriant a growth of hair as I ever had.

THE subscriber by appointment from the Commissioner of Patents is Agent of the U. S. Patent Office for the purpose of receiving and forwarding to the same all such models, specimens of ingredients, and manufactures as shall be intended to be patented, or deposited therein which will be received and forwarded free of expense and risk, to their owners and with all possible despatch. DR. UPHAM'S

Vegetable Internal Remedy
FOR THE PILES!
☞ A Cure for Life Secured. ☜

For the cure of Piles, Inflammation of the Liver and Spleen, Inflammation, Soreness and Ulceration of the Stomach, Bowels, Kidney and Bladder, Inflammatory and Mercurial Rheumatism, Impurity of Blood, Weakness and Inflammation of the Spine, and for the relief of Married Ladies.

THE VEGETABLE PILE ELECTUARY,

Invented by Dr. A. Upham, a distinguished Physician of New York city, is the only really successful remedy for that dangerous and distressing complaint, the Piles, ever offered to the American public.

Mark this: it is an INTERNAL REMEDY—not an external application, and will cure any case of Piles, either bleeding or blind, internal or external, and probably the only thing that will. There is no mistake about it. It is a positive cure—*speedy and permanent.* It is also a convenient medicine to take, and improves the general health in a remarkable manner.

Each box contains twelve doses, at 8 1-3 cts per dose. It is very mild in its operation, and may be taken in cases of the most acute inflammation without danger.—All external applications are in the highest degree disagreeable, inconvenient and offensive, and from the very nature of the disease, temporary in their effects. This Medicine attacks the disease at its source, and, REMOVING THE CAUSE, renders the cure CERTAIN and PERMANENT.

INFLAMMATORY DISEASES.

Although the ELECTUARY was originally prepared for the cure of Piles, yet it has proved itself a medicine far superior to all others, in all diseases of an inflammatory character, with a determination of blood to any particular part or organ. In inflammation and congestion of the Liver and Spleen, Inflammation, Soreness and Ulceration of the Stomach, Bowels, Kidneys and Bladder, in inflammatory and mercurial Rheumatism, it is the *Best Medicine ever discovered.*

IMPURITIES OF THE BLOOD.

For all impurities of the Blood, arising from the imprudent use of Mercury, or other causes, for all diseases of the Skin, and Scrofulous Affections, in all cases where the blood is powerfully determined to the head, producing dizziness and distress, DR. UPHAM'S ELECTUARY is entirely unrivalled.

TO MARRIED LADIES.

Married Ladies are almost invariably subject to that painful and injurious disease, the PILES, with consequent inflammation of the Stomach, Bowels and Spine, weakness of the back, flow of blood to the head, &c.—The Electuary is perfectly safe for Pregnant Ladies, and the most useful Cathartic that can possibly be used, as it will not only remove the Piles and all inflammatory diseases, WITHOUT PAIN or IRRITATION, but will ensure an easy time, a safe delivery, and a sound constitution in the offspring.

CURE FOR LIFE GUARANTIED.

The Electuary contains NO MINERAL Medicine; no Aloes, Colocynth, Gamboge, or other powerful and irritating purgative. No fear of taking cold while under its influence, no change in diet necessary. If taken according to the directions, A CURE FOR LIFE IS GUARANTIED.

Pamphlets giving valuable information respecting this Medicine may be had of Agents, gratis.

GREAT SUCCESS OF UPHAM'S
PILE ELECTUARY.

Portland, Me., March 14, 1847.

Dr. UPHAM—My dear Sir—I cannot express to you my sincere and heartfelt thanks for the wonderful cure I have experienced by the use of your truly valuable Pile Electuary. I have been a perfect martyr to the Bleeding Piles for 10 years past, so much so that I became reduced to almost a skeleton, with loss of appetite, and general derangement of the digestive organs. My system also became affected, and in fact I was a misery to myself. I was obliged to give up my business. I had tried all kinds of medicine, had the best advice the Doctors in Boston and this place could afford, spent much money—and twice submitted to painful operations. I had become perfectly tired of life, and at the suggestion of my friends I was induced to try a box of your medicine. The first I found to relieve me slightly, still I persevered, and purchased a second, and I assure you, when I got half through, I found myself getting well, at all I kept on, and now I am a well man. My dear Sir I language cannot express the heartfelt thanks that I am once more restored to health and now in a condition to support my large family, depending on me.

You can use this letter as you please.
Yours respectfully, SAMUEL CHARLTON

TO THE PUBLIC.

IT is well known that there is secreted in the stomach a fluid which is called Gastric Juice, that the food when taken into the stomach is acted upon by this Gastric Juice, which is now converted into a pulpy substance called Chyme, this passes into the upper portion of the Intestinal canal, there becomes mixed with Bile and Pancreatic Juice, and is by medical men termed Chyle, a portion of which is in a fit state to be, and is taken up by small vessels called Lacteals, carried into the system, and converted into Blood. The food after being so changed becomes assimilated, gives nourishment, and supplies the waste of the body; this is the process and effect of Digestion.

How important therefore, that the digestive organs perform their functions properly! There are also, innumerable sympathies existing between the Dyspeptic Stomach and distant parts of the body, some few of the effects of which are here given—Sick Head ache, Nausea and Vomiting, Low Spirits, Despair, Mental Derangement, Irregularity of Pulse, Palpitation of the Heart, Difficulty of Breathing, often leading the patient or his friends to suspect incurable Organic Disease, all of which might have been prevented by timely attention to Dyspeptic symptoms and proper treatment. It should also be known that these troubles not unfrequently exist as the effect of disturbances of the Digestive Organs when the ordinary Dyspeptic symptoms are not discoverable, and should be treated accordingly. The deplorable effect of a disregard to these important truths, it is indeed melancholy to contemplate.

A consideration of these facts, and observation for more than a quarter of a century in Chronic Diseases, their rise, progress and end, have led the Proprietor to an anxious inquiry, whether there is in the whole catalogue of medicine a combination which is better fitted than all others to remove the far more common causes of these dreadful maladies. The result of this research, and much experience, is now offered with great confidence to the public in

HOLDEN'S

Alterative and Tonic Mixture,

as the best combination known for changing the unhealthy secretions of the Stomach, and giving strength to that organ, and for removing many troubles attributed to impurity of the blood.

In the cure of Dyspepsia it possesses great power, promoting a healthy action of the stomach and correcting a vitiated state of the fluids concerned in digestion, thus removing the cause of many disturbances which are known to arise from this disease.

Its action is that of a mild Alterative and Tonic, restoring health and strength often without producing any sensible evacuation, and without leaving behind any unpleasant effect on the constitution.

By its use the Appetite becomes regular and good, Digestion perfect, Sick Head ache and many nervous disturbances growing out of imperfect digestion are generally cured, persons of debilitated constitutions become healthy and strong by its use.

By reason of the sympathy between the stomach and the skin, many diseases of the latter grow out of a morbid action of the former, even when the ordinary symptoms of Dyspepsia are wanting and are cured by this medicine.

Many troubles of children, supposed to arise from worms, are caused by a deranged state of the stomach, and are removed by its use.

Persons both adult and children, left feeble by protracted illness, on the same principle are restored to health and vigor by taking it.

It contains no poisonous ingredient, and cannot in any case do harm.

From CONSTANT GUILLOU, Esq., Attorney at Law, and Notary Public, Philadelphia.

"From personal acquaintance with Jules Hauel—an experienced and fashionable Perfumer and Chemist—I was requested to appreciate the numerous testimonials in favor of his different fashionable preparations. On trial of them in my own family, and some of them personally, I have more than realized those favorable anticipations,—they are, what they profess to be, scientifically prepared and compounded. I have at all times since my experience, been convinced of the great merit of the *Eau Lustral Hair-Restorative*, *Shaving Cream*, *Nymph Soap*, and in fact, all the popular preparations of Mr. Hauel.

From DANIEL J. DESMOND, Esq., Attorney at Law, Consul General of Pontifical States, Vice Consul of Austria, Sardinia, Portugal and Tuscany.

"To MR. JULES HAUEL.

Sir—Though I have not the pleasure of a personal acquaintance with you, yet a sense of duty to yourself and the public generally, constrains me to bear my unsolicited testimony in favor of your different fashionable preparations. On trial of them in my own family, and some of them personally, I do positively declare that they are what they profess to be, skillfully prepared and compounded. I am convinced of the great worth and merit of the Eau Lustral Hair Restorative, *Shaving Cream, Nymph Soap* and Rose Tooth Paste.—I am fully satisfied of their intrinsic worth, and do heartily recommend them to all for the use and purpose they are intended. Nothing can equal the beauty and lustre imparted to the hair by the use of the Eau Lustral Hair Restorative. It invigorates the hair and promotes its growth. The Shaving Cream is unsurpassed and decidedly excellent, being a fine and highly emollient composition—it does not smart or irritate the skin; while the Nymph Soap operates beautifully upon the pores of the skin, and cleanses it from all impurities. The Rose Tooth Paste imparts to the teeth a pearly whiteness, and is well calculated to preserve the teeth and gums from decay. They are in their way invaluable.

"I have seen some of my friends who have used your Vegetable Liquid Hair Dye, its effect is really a wonder. It dyes the Hair in an indelible manner in a few minutes, and the color of the hair is really beautiful, and none will doubt the artificial colors, as it is not natural. Yours, &c. DANIEL J. DESMOND.

Dr. Townsend's
SARSAPARILLA.
THE MOST EXTRAORDINARY MEDICINE IN THE WORLD.

This extract is put up in quart bottles; it is six times cheaper, pleasanter, and warranted superior to any sold. It cures diseases without vomiting, purging, sickening or debilitating the patient.

The great beauty and superiority of this Sarsaparilla over all other medicines is, while it eradicates disease it invigorates the body. It is one of the very best Spring and Winter medicines ever known; it not only purifies the whole system and strengthens the person, but it creates new, pure and rich blood; a power possessed by no other medicine. And in this lies the grand secret of its wonderful success. It has performed within the past two years, more than 35,000 cures of severe cases of disease; at least 20,000 of these were considered incurable.

More than 3000 cases of Chronic Rheumatism.
2000 cases of Dyspepsia.
4000 cases of General Debility and Want of Energy.
7000 cases of the different Female Complaints.
2000 cases of Scrofula.
1500 cases of the Liver Complaint.
2500 cases of Diseases of the Kidneys and Dropsy.
3000 cases of Consumption.

and thousands of cases of diseases of the blood, viz.—Ulcers, erysipelas, salt rheum, pimples on the face &c., &c., together with numerous cases of sick headache, pain in the side and chest, spinal affections &c. &c.

This, we are aware, must appear incredible, but we have letters from physicians and our agents from all parts of the United States, informing us of extraordinary cures. R. Van Buskirk, Esq., one of the most respectable druggists in Newark, N. J., informs us that he can refer to more than 150 cases in that place alone. There are thousands of cases in the city of New York, which we will refer to with pleasure, and to men of character. It is the best medicine for the prevention of disease known. It undoubtedly saved the lives of more than

5,000 CHILDREN, THE PAST SEASON

as it removed the cause of disease, and prepared them for the summer season. It has never been known to injure in the least the most delicate child.

RHEUMATISM.

This Sarsaparilla is used with the most perfect success in Rheumatic complaints, however severe or chronic. The astonishing cures it has performed are indeed wonderful. Other remedies sometimes give temporary relief; this entirely eradicates it from the system, even when the limbs and bones are dreadfully swollen.

☞ Hear Mr. Seth Terry, one of the oldest and most respectable lawyers in Hartford, Conn. The following is an extract of a letter received from him:

Dr. Townsend—I have used one bottle of your Sarsaparilla, and I find it is excellent in the [illegible] chronic rheumatic pain to which I am subject, from an injury occasioned several years ago in a [illegible]. Please send me two bottles to the care of [illegible]. I have conversed with two of our principal [illegible] and recommended your Sarsaparilla. SETH TERRY.

Hartford, March 19, 1845.

CONSUMPTION CURED.

Cleanse and Strengthen. Consumption can be cured. Bronchitis, Consumption, Liver Complaint, Colds, Catarrh, Coughs, Asthma, Spitting of Blood, Soreness in the Chest, Hectic Flush, Night Sweats, Difficult or Profuse Expectoration, Pain in the Side, &c., have been, and can be cured.

Dr. Townsend—Dear Sir: Nearly twenty years ago I took a violent cold, which settled on my lungs and affected me severely, indeed, finally it became a constant hacking cough, but not so severe as to prevent me from attending to my business. Within the last few years it increased on me gradually. At last I became reduced—I breathed with difficulty, and raised with my cough much bad matter; and for the last nine months previous to using your Sarsaparilla, I had regular night sweats; indeed, my friends and myself supposed that I would die with the Consumption; but I have the happiness to inform you that, to my surprise, after using three bottles of your Sarsaparilla, I find my health restored. It relieved me gradually, and I am now enjoying much better health than I have for 20 years. I had almost entirely lost my appetite, which is also returned. You are at liberty to publish this with my name in the papers, if you choose.

My little girl, who is three years old, had a very bad cough the whole of last Winter. We became very much alarmed on her account. I felt [illegible] me so I gave her some of it, and it soon [illegible] relieved her as well as myself, and she is now an hearty, healthy child [illegible]. She was also full of little blotches, all took them away, and her skin is smooth and fair now, and I [illegible] her health from using your [illegible].

GIRLS, READ THIS.

You who have pale complexions, dull eyes, blotches on the face, rough skin, and are "out of spirits," use a bottle or two of Dr. Townsend's Sarsaparilla. It will cleanse your blood, remove the freckles and blotches, and give you animation, sparkling eyes, fine spirits, and beautiful complexion—all of which are of immense value to unmarried ladies.

GREAT FEMALE MEDICINE.

Dr. Townsend's Sarsaparilla is a sovereign and speedy cure for incipient Consumption, Barrenness, Leucorrhea, or Whites, obstructed or difficult Menstruation, Incontinence of Urine, or involuntary discharge thereof, and for the general prostration of the system—no matter whether the result of inherent cause or causes produced by irregularity, illness or [illegible].

Nothing can be more surprising than its invigorating effects on the human frame. Persons, all weakness and lassitude, from taking it, at once become robust and full of energy under its influence. It immediately counteracts the nervelessness of the female frame, which is the great cause of barrenness.

It will not be expected of us, in cases of so delicate a nature, to exhibit certificates of cures performed, but we can assure the afflicted that hundreds of cases have been reported to us. Several cases where families have been without children, after using a few bottles of this invaluable medicine, have been blessed with healthy offspring.

Dr. Townsend—My wife being greatly distressed by weakness and general debility, and suffering continually by pain and a sensation of bearing down, falling of the womb, and with other difficulties, and having known cases where your medicine has effected great cures, and also hearing it recommended for such cases as I have described, I obtained a bottle of your Extract of Sarsaparilla, and followed the directions you gave me. In a short period it removed her complaints and restored her to health. Being grateful for the benefits she received, I take pleasure in thus acknowledging it, and recommending it to the public. M. D. MOORE.

TO MOTHERS AND MARRIED LADIES.

This extract of Sarsaparilla has been expressly prepared in reference to female complaints. No female who has reason to suppose she is approaching that critical period, "the turn of life," should neglect to take it, as it is a certain preventative for any of the numerous and horrible diseases to which females are subject at this time of life. This period may be delayed for several years by using this medicine. Nor is it less valuable to those who are approaching womanhood, as it is calculated to assist nature by quickening the blood and invigorating the system. Indeed this medicine is invaluable for all of the delicate diseases to which women are subject. It braces the whole system, renews permanently the natural energies—by removing the impurities of the body, not so far stimulating the system as to produce a subsequent relaxation—which is the case of most medicine taken for female weakness and disease.

SCROFULA CURED.

This Certificate conclusively proves that this Sarsaparilla has perfect control of the most obstinate diseases of the blood. Three persons cured in one house is unprecedented.

THREE CHILDREN.

Dr. Townsend—Dear Sir—I have the pleasure to inform you that three of my children have been cured of the Scrofula by the use of your excellent medicine. They were afflicted very severely with bad sores; have taken only four bottles; it took them away, for which I feel myself under deep obligation. Yours, respectfully,

ISAAC W. CRAIN, 106 Wooster st.

OPINIONS OF PHYSICIANS.

Dr. Townsend is almost daily receiving orders from physicians in different parts of the Union.

This is to certify that we, the undersigned, Physicians of the City of Albany, have in numerous cases prescribed Dr. Townsend's Sarsaparilla, and believe it to be one of the most valuable preparations of the Sarsaparilla in the market.

UNITED STATES OFFICER.

Capt. G. W. McLean, of the U. S. Marine Corps and member of the New Jersey Legislature, has kindly sent us the following certificate. It tells its own story.

Rahway, Jan 25, 1847.

A year since I was taken with the influenza, and my whole system left in a debilitated state. I was induced to try Dr. Townsend's Sarsaparilla, and after taking two or three bottles, I was very much relieved, and attribute it entirely to the said Sarsaparilla. I have continued taking it and find that I improve every day. I believe that it saved my life, and would not be without it under any consideration. G. W. McLEAN.
